Subject: Next Steps on the Progress Report of the Parties
Importance: High

Hi Chris,

Further to Mike/Cam discussions, as well as related discussions at last week's GLEC meeting, regarding the Progress Report of the Parties, Mike has forwarded comments and proposed edits to the Report (including an introduction, and edits to the sections on articles, AOCs and lakewide management); a revised June 7th version of the PROP is attached.

I think the revisions are good ones, but please do take a look and let me know if you concur with the approach and tone in Mike's edited draft.

Assuming you're in general agreement, **following is a suggested path forward**, including our suggestions for how to distribute the editing/writing of the remaining sections between us:

- EPA to add relevant US text (e.g., GLRI) to Introduction
- EPA to edit Annexes 3, 4, 6, 7
- ECCC to edit Annexes 5, 8, 9, 10

Also, if we decide to include an Executive Summary, I suggest we decide on how to divide this up once the complete report is re-drafted.

Mike has asked for a new draft for his and Cam's review in about 2 weeks. Can we shoot for June 22nd?

One final point: still outstanding is the formatting of the Report. Our GLs engagement group, who I would normally turn to for something like this, is eyeball deep in Great Lakes Public Forum planning and coordination.

Thanks,

Carla
